## Necessary Equipment

## Full Work Description

- High Level Scope:
- Installation of UPS at network. Read Directions Carefully. Graceful shut down with client HD is required. Check in/out with Spencer's Bridge is required.
- Spencer will ship (1) UPS - Part # SMART1500LCD to Store. Equipment will be onsite when you arrive. Tech will swap out the current UPS with new UPS. Package old UPS and leave with store to send to their eWaste partner.

1) Arrive onsite and check in with the store personnel - Obtain the UPS device that was shipped from Spencer Technologies (from) Medway MA.

2) Unpackage the new UPS at the network location (where old UPS currently is) but do NOT shut down the existing UPS yet.

3) Call Spencer Bridge to check in

- Dial in by phone 469-998-6065 ID: 611270310#
- One touch dial +1 469-998-6065,,611270310#

4) Call the Guitar Center Helpdesk at (800)424-8888.

- They will work with you to gracefully shut down equipment before unplugging UPS.
- Document the name of the agent, you'll provide this to Spencer during check out.

5) Swap out the UPS. Power up UPS. Plug equipment back into UPS and boot up.

6) Test the equipment with the onsite store personnel to ensure store is back online. Document the name of the store personnel you spoke to - provide this to Spencer during check out.

7) Package the old equipment into the box the new UPS came in. Provide to store personnel. We do not take this with us.

8) Take a photo of the newly installed UPS.

9) Send deliverables to Spencer at GuitarCenterUPS@Spencertech.com. Includes:

- Photo of the UPS installed with power lights showing and cables neat,
- name of the Network Team personnel,
- name of store personnel who tested equipment.
- Send an email to GuitarCenterUPS@Spencertech.com... Email Subject should be: RID #, Guitar Center Store # xxx, City, State
