Full Work Description

YOU MUST PRE-CERTIFY FOR THIS WORK ORDER THROUGH OUR OPEN RECRUITMENT PRIOR TO ASSIGNMENT

Kiosk Services Group (Formerly SurveyStudio)

SCOPE OF WORK

The purpose of this assignment is to perform routine Preventative Maintenance (PM) in the form of a general cleaning of Bank Note Recyclers (BNR) and Bulk Coin Recyclers (BCR) found in retail stores. These jobs are simple with easy-to-follow video instructions and don't require any existing skills or knowledge of the recyclers (this is *not* breakfix).

Technicians are required to watch a prerequisite video (under 15 minutes) to become “pre-certified” as part of the recruitment process. After pre-certification, your first work order will require on-the-job training (OJT) in the form of remote support. After you successfully complete your first assignment you will be able to pick up as many jobs as you can accommodate in your schedule.

You can access the recruitment here: https://app.fieldnation.com/recruitments/486

Reference Guides and Instruction Manuals can be found here:http://pm.kioskservicesgroup.com
