Full Work Description

Summary:

Need to confirm that the new computers that are on site are installed and connected to the network. Old systems will needed to be taken to FedEx and shipped back to HTG.

Technician Expectations:

- Technician should leave the site/center as they found it or better.
- Must be professional and presentable during site visit. (Business Casual – khakis, polos, button-ups, etc.)
- Must be courteous and polite, with an emphasis on customer service.
- Must never be confrontational with staff, dispatch, or help desk.
- Must use their own cell phone for calls. Do not use the centers' business lines. Have a charged cell phone for the dispatch.
- If any photos are required, avoid having people in the photos. Review all photos with office manager prior to distribution.
- No smoking tobacco, chewing tobacco, or electronic cigarettes anywhere on the premises.
- No alcohol or drugs are allowed on the premises.
- Do not bring food to the site. Technician can take breaks and eat outside.
- Beverages may be brought in center but must use a closed container (e.g. water bottle with lid).
- Avoid leaving tools or equipment.**

**Equipment that is being replaced must be shipped back to HTG. See below for additional details.

Confidential Information

Job description:

Data:

1. Initial Computer Name:
14450-083A (Note: Doctors)
14450-040A (Note: Doctors)

2. Final Computer Name:
14450-083
14450-040

3. Model (AIO, 2-in-1, Pano): **AIO**

4. X-Ray Software (MIPACS, Tigerview, None):**Yes**

5. Does the office use a Gendex sensor? **No**

6. Is this an operatory PC? **No**

7. OP PC Video Connector (HDMI, VGA): **No**

8. Is this a CPS office? **No**

9. Is this a centralized CPS office (Yes (clinic 1), Yes (clinic 2), No)? **No**

10. What is the office server name?**ContactITProjects@Interdent.comfor information**

11. What is the office clinic ID (e.g., 534)?**53901**

12. Does this computer require Microsoft Office or Open Office?**OpenOffice**

Process Notes:
1/2 - Computer may need to be named something different during the build than it is named after deployment is done. If these two are different, tech should rename PC on site during deployment.
4/5/6 - MIPACS configuration is done on site, but some preconfiguration can be done based on this information.
4 - If Tigerview, MIPACS should be left installed, but removed from the desktop. If this is Tigerview or MIPACS, the tech must contact Interdent IT from on site to have this program configured and sensor software set up properly.
5 - If the office does NOT use a Gendex sensor, startup items for GXPicture should be disabled in msconfig. This can be done before the device is shipped.
6 - If this is NOT an Op PC, MIPACS addons should be disabled and hidden. This can be done before the device is shipped.
7 - It is possible to tell which of these is required by checking a LANDesk inventory (right-click computer, Inventory). If, under Video->Monitors->Monitor, either monitor is a 20" display, a USB->VGA adapter will be required with the box. If the notes here say "VGA", please purchase and include a USB->VGA adapter w/ deployment. This can be configured before deployment.
8/9/10/11 - This is the CPS configuration procedure, and will need to be done on site.
8 - If this is "No", ignore the rest of this section.
9 - Centralized offices are installed very differently from non-centralized offices. This configuration has to be done on site, but can be done by tech using instructions for CPS installation. The instructions will require the answers to 10 and 11. If answer is Yes (Clinic 1), install according to CPS installation document for Region 1. If answer is Yes (Clinic 2), install according to CPS installation document for Region 2. If no, CPS should be installed according to the non-centralized (other region) document.
12 - Which version of office should be installed. This can be done before the device is shipped.
Additional Notes:
Once on site, if the computer has a scanner attached, scanner software should be installed. That software is located in C:\Installers\Epson. IF YOU INSTALL SCANNER SOFTWARE, CHECK QUESTION 9 - If the answer is "Yes", also install TScan from \\pdxrds94\C$\downloads\TSScan (SupportHTG account should have access to this location).
Once on site, browse to http://printers.gd.local/. If you are prompted to install something, install it. If you just see a list of printers, ignor

When arriving on site, check in with office manager. **Please also call HTG to check in upon arrival and check out upon completion.** This is dentist office open during normal business hours.

If you replace any equipment, the old equipment **must be shipped back to HTG**. Use the info in the shipping section below to ship equipment back to HTG via FedEx.

Please call HTG dispatch (360-567-0869) first if you encounter any issues or questions while on site.

Please call the Help Desk (360-567-0869) when you have finished troubleshooting or installing a new PC. Be very courteous, they will assess the situation and may remote in to check work.

******

Dispatches need to be completed within a 2-hour time frame.

- If a single dispatch is approaching the 2-hour mark, check in with HTG to receive further instructions. 360-567-0869
- Technicians are not to remain on-site longer than 2-hours without prior approval from HTG.
- This directive must come from HTG, ***not*** the client.
- If you cannot reach HTG Dispatch 360-567-0869, follow the escalation path outlined below immediately.

IMPORTANT: Since this is a medical office, HIPAA confidentiality laws need to be followed. Do **not** take any photos on site of medical files, other confidential information, patients, guests, children, or staff members.

TOOLS: Please bring tool kit, stepladder/stool, laptop, phone, and printed check-out form (and other documents) to site. Technicians will also need to have access to Skype, either by phone or laptop.

******

Shipping:

HTG address for shipping:

*****PLEASE WRITE ON THE BOX & FEDEX LABEL THE CID AND TICKET NUMBER WHEN SHIPPING ANY ITEMS BACK*****

HTG, Inc.
2801 SE Columbia Way Building 31, Suite 110
Vancouver, WA 98661

Ship as FedEx Ground unless otherwise directed. Use HTG's account number, 382-212-673.

Should a return shipment be required, time will be paid to travel from the office to the FedEx location. HTG will provide the location of the nearest FedEx office to delivery to and will provide the account number. The technician **MUST** use the provided FedEx location and account number.

*****

Technician to complete the check-list document. Have staff member or office manager at site fill out the quality survey. Forms must be photographed or scanned and uploaded to the Field Nation within 24 hours or a late penalty fee will be applied.

Travel:

Mileage will be paid with approval by dispatch PRIOR to going on site. When mileage is approved, it starts 20 miles outside the city center to the destination.

Deliverable Uploads

Make sure you collect and upload any required deliverables into the following deliverable categories:
[ ] Checkout form
[ ] Quality Survey

Customer Standard Instructions

Customer Policies & Procedures

Each Technician and/or Service Company is solely responsible for reporting to and satisfying any local, regional or national Income Tax, VAT, Payroll Tax, Special Purpose Tax, Payroll Withholding Tax, Sales Tax, Use Tax, or any other applicable Tax to the appropriate governmental agency. Each Technician and/or Service Company agrees to fully report all payments and to all other legal requirements applicable under law (International or Domestic), including without limitation those applicable to the purchase and sale of Services from and by independent contractors. ANY applicable Tax must be added to and notated in the specific Work Order.

Technician Expectations:

- If the provider is expecting to arrive late, HTG Dispatch should be notified immediately and then field nation should be updated with new ETA.
- If you change your ETA from the initial ETA given, you must notify HTG Dispatch so we can notify our client.
- Provider must leave the site as they found it or better. Do not leave any trash/debris/sawdust onsite.
- Provider must never send an alternate technician to the site or bring any unauthorized assistants/helpers with them to site.
- Must be professional and presentable during site visit.
- Providers attire must be business casual. Khakis, polos, button-ups, etc.
- Must be courteous and polite, with an emphasis on customer service.
- Must never be confrontational with staff, dispatch, or help desk, if applicable.
- Must use their own cell phone for calls. Do not use the site's business lines. Have a charged cell phone for the dispatch.
- If any photos are required, they cannot have customers, employees or any sensitive information in the photo. The uploaded photo should be of clear focus.
- No smoking tobacco, chewing tobacco, or electronic cigarettes anywhere on the premises.
- HTG dispatch code word: Foxtrot
- No alcohol or drugs are allowed on the premises.
- Do not bring food to the site. Technician can take breaks and eat outside or in their vehicle.
- Beverages may be brought in but must use a closed container (e.g. water bottle with lid).
- Avoid leaving tools or equipment behind.
- If the provider is asked to complete any work outside of the work order instructions, they are to contact HTG Dispatch immediately for approval.
- If the work has not been completed by the max allowed hours, the provider must contact HTG Dispatch for approval to work additional hours.
- Provider must keep Field Nation status current.
- **Proper cable management is always expected.**
- Provider should never use any equipment, counters, desk tops or chairs to complete work. Keep it safe and use a step stool or ladder.
- Provider is responsible for holding all licenses required to perform low voltage/cabling work. The provider will be held responsible for any repercussions from not having the proper licensing,

Dispatches need to be completed within a 2-hour time frame.

- If a single dispatch is approaching the 2-hour mark, check in with HTG to receive further instructions.
- Technicians are not to remain on-site longer than 2-hours without prior approval from HTG or the client.
- This does not apply when the work order is published/assigned with a longer estimated work time.

Returning Equipment/Shipping Instructions
Should a return shipment be required, time will be paid to travel from the office to the FedEx location, unless you bid using a fixed fee in which case this is included in the scope of work.
HTG can provide the location of the nearest FedEx office for delivery if requested by the tech. The technician MUST use the provided FedEx location and account number.

Please use the included shipping label and drop the returning equipment off at the appropriate carrier (UPS or FedEx).
If no label is included, Use HTG's **FedEx** account number, 382-212-673 and have the equipment shipped back**(ground, unless otherwise instructed)**to:
HTG, Inc.
2801 SE Columbia Way
Building 31, Suite 110
Vancouver, WA 98661

Be sure to include the work order number on the shipment notes. Once you have a tracking number, it will need to be added to the work order.

Dispatch at a medical/dental office

If you are visiting a medical/dental office, HIPAA laws will need to be followed. It is vital that you do not take photos of medical files, confidential information, sensitive information, patients, guests, children or staff members.

For more information about HIPAA laws, please visit: https://www.hhs.gov/hipaa/for-professionals/privacy/laws-regulations/index.html

Out of pocket costs
If the provider needs to pay out of pocket for parking, toll bridge, materials and/or equipment a receipt and/or invoice is required for reimbursement. This includes materials used from personal stock. Nothing should be purchased/used without prior approval from HTG Dispatch.
