## Additional Fields

## Full Work Description

**A. Summary of Work**

Technician will be packing equipment into lockboxes to be securely shipped to 2 different locations. They will need to sort through equipment and separate them by generation 4 and 5 Surface laptops - Surface 4 and 5 laptops will be delivering to Edina and the remaining equipment will be delivering to HTG. Once determined technician will use '*Inventory Pickup Approval Form*' to record all system serial numbers, asset tags (if available), and user's names. They will also need to use a ***label maker*** to create labels of the serial numbers along with the user's names and place on devices. After devices have been scanned and labeled, place devices into lockboxes. Once all lockboxes have been packed, Technician will need to record lock numbers and seal numbers on the '*Inventory Pickup Approval Form*' then will affix seals to lockboxes and lock the boxes.

Please read confidential information section thoroughly as we have included important details!

*NOTE: Print Inventory Pickup Approval Form or have access to the excel spreadsheet while onsite*

*****Label maker and scanner is required for this work order*****

**B. Tools Needed to Complete Work**

Basic tool kits, fully charged laptop, fully charged phone, scanner, label maker, any additional tools if tech needs them.

**C. Job Expectations**

- Take multiple before and after photos of equipment onsite. (upload to workorder and call HTG Support if needed).
- Separate devices into 2 piles; 1 with generation 4 and 5 Surfaces and 2nd with remaining equipment.

**Pile 1 - Surface 4s / 5s (retaining equipment)**

- Scan and label Surface 4s / 5s (pile 1) - ensure each device has a label of serial number and user's name on it.
- Record device information on the *Inventory Pickup Approval* form - the system serial number, user's name, and asset tag if available for each device and asset tags if needed.
- Pack devices into lockboxes (5 per lockbox) - ensure the lockboxes being used are going to Edina.
- Record lock number(s) and seal number(s) on *Inventory Pickup Approval Form*.
- Upload signed Inventory Pickup Approval form to work order. Then call HTG Support.
- Follow instructions in *Secure Lockboxes Packing*document - please put the key and the signed inventory form in the case before locking
- Place all keys (ensure labels are on them) in envelope and stick shipping label going to Edina, MN on the envelope.
- Use shipping labels provided in lockbox and place on lockbox -***ensure the shipping label is going to Edina, MN***

**Pile 2 - Remaining equipment (disposal equipment)**

- Scan remaining equipment (pile 2) - record *Inventory Pickup Approval* form - the system serial number, user's name, and asset tag if available for each device and asset tags if needed.
- Pack devices into lockboxes (5 per lockbox) - ensure the lockboxes being used are going to Vancouver (HTG).
- Record lock number(s) and seal number(s) on *Inventory Pickup Approval Form*.
- Upload signed Inventory Pickup Approval form to work order. Then call HTG Support.
- Follow instructions in *Secure Lockboxes Packing*document - please put the key and the signed inventory form in the case before locking
- Use shipping labels provided in lockbox and place on lockbox -***ensure the shipping label is going to Vancouver, WA***
- Drop off all lockboxes at UPS.

**D. Deliverables**

- Before/after photos of work
- Photo of seal and lock numbers
- Photos of filled lockboxes before locking them.
- Uploaded copy of ***completed*** Inventory Pickup Approval Form
- Photo of each lockbox with shipping label visible
- Photo of signed Inventory Pickup Approval Form

**E. Confirm All Work is Completed**

Technician will confirm with onsite contact that location is complete and there are no further issues.

***Please note HTG Support will not release tech until Inventory Pickup Approval Form is uploaded.***

**F. Call HTG Support to check out 360-567-0869 ext. 2**

**G. Add *Close-Out* notes to work order**

[ ] Inventory Pickup Approval Form
[ ] locks and seals affixed to lockboxes.
[ ] signed Inventory Pickup Approval Form.
[ ] shipping labels on all the lockboxes. Include envelope with all keys.
[ ] Misc

## Customer Standard Instructions

## Customer Policies & Procedures

Each Technician and/or Service Company is solely responsible for reporting to and satisfying any local, regional or national Income Tax, VAT, Payroll Tax, Special Purpose Tax, Payroll Withholding Tax, Sales Tax, Use Tax, or any other applicable Tax to the appropriate governmental agency. Each Technician and/or Service Company agrees to fully report all payments and to all other legal requirements applicable under law (International or Domestic), including without limitation those applicable to the purchase and sale of Services from and by independent contractors. ANY applicable Tax must be added to and notated in the specific Work Order.

**Technician Expectations:**

- If the provider is expecting to arrive late, HTG Dispatch should be notified immediately and then field nation should be updated with new ETA.
- If you change your ETA from the initial ETA given, you must notify HTG Dispatch so we can notify our client.
- Provider must leave the site as they found it or better. Do not leave any trash/debris/sawdust onsite.
- Provider must never send an alternate technician to the site or bring any unauthorized assistants/helpers with them to site.
- Must be professional and presentable during site visit.
- Providers attire must be business casual. Khakis, polos, button-ups, etc.
- Must be courteous and polite, with an emphasis on customer service.
- Must never be confrontational with staff, dispatch, or help desk, if applicable.
- Must use their own cell phone for calls. Do not use the site's business lines. Have a charged cell phone for the dispatch.
- If any photos are required, they cannot have customers, employees or any sensitive information in the photo. The uploaded photo should be of clear focus.
- No smoking tobacco, chewing tobacco, or electronic cigarettes anywhere on the premises.
- HTG dispatch code word: Foxtrot
- No alcohol or drugs are allowed on the premises.
- Do not bring food to the site. Technician can take breaks and eat outside or in their vehicle.
- Beverages may be brought in but must use a closed container (e.g. water bottle with lid).
- Avoid leaving tools or equipment behind.
- If the provider is asked to complete any work outside of the work order instructions, they are to contact HTG Dispatch immediately for approval.
- If the work has not been completed by the max allowed hours, the provider must contact HTG Dispatch for approval to work additional hours.
- Provider must keep Field Nation status current.
- **Proper cable management is always expected.**
- Provider should never use any equipment, counters, desk tops or chairs to complete work. Keep it safe and use a step stool or ladder.
- Provider is responsible for holding all licenses required to perform low voltage/cabling work. The provider will be held responsible for any repercussions from not having the proper licensing,

**Dispatches need to be completed within a 2-hour time frame.**

- If a single dispatch is approaching the 2-hour mark, check in with HTG to receive further instructions.
- Technicians are not to remain on-site longer than 2-hours without prior approval from HTG or the client.
- This does not apply when the work order is published/assigned with a longer estimated work time.

**Returning Equipment/Shipping Instructions**
Should a return shipment be required, time will be paid to travel from the office to the FedEx location, unless you bid using a fixed fee in which case this is included in the scope of work.
HTG can provide the location of the nearest FedEx office for delivery if requested by the tech. The technician MUST use the provided FedEx location and account number.

Please use the included shipping label and drop the returning equipment off at the appropriate carrier (UPS or FedEx).
If no label is included, Use HTG's **FedEx** account number, 382-212-673 and have the equipment shipped back**(ground, unless otherwise instructed)**to:
HTG, Inc.
2801 SE Columbia Way
Building 31, Suite 110
Vancouver, WA 98661

Be sure to include the work order number on the shipment notes. Once you have a tracking number, it will need to be added to the work order.

**Dispatch at a medical/dental office**

If you are visiting a medical/dental office, HIPAA laws will need to be followed. It is vital that you do not take photos of medical files, confidential information, sensitive information, patients, guests, children or staff members.

For more information about HIPAA laws, please visit: https://www.hhs.gov/hipaa/for-professionals/privacy/laws-regulations/index.html

**Out of pocket costs**
If the provider needs to pay out of pocket for parking, toll bridge, materials and/or equipment a receipt and/or invoice is required for reimbursement. This includes materials used from personal stock. Nothing should be purchased/used without prior approval from HTG Dispatch.
