Full Work Description

We need a team of 5 technicians to do this work. **Pay shown is per tech** so, if you have multiple techs on your team, please say so in the messages of this work order so we can adjust the pay for you and your team -**all must have a verifiable background check**!!

See Confidential Information Section of this Work Order on access instructions to get into the building.

Scope of Work:

LTL CARRIER WILL DROP OFF EMPTY PALLETS, GAYLORDS, BUBBLE WRAP, AND SHRINK WRAP AT THE LOADING DOCK ON THE MORNING OF YOUR ARRIVAL SO BE PREPARED TO TRANSFER THE MATERIALS TO THE 20TH AND 21ST FLOORS AS NEEDED. THEY WILL THEN PICK UP THE PALLETS UP EQUIPMENT THE FOLLOWING DAY, BUT THEY WILL PICK THE PALLETS UP FROM THE 20TH AND 21ST FLOORS SO DO NOT BRING THEM DOWN TO THE LOADING DOCK.

Work with the designated Lead Tech to properly count, safely pack, and palletize the equipment on the attached list. Equipment will need to be safely packed onto pallets, shrink wrapped, and staged near the freight elevator so that the Trucking Company can come in to begin transporting the pallets down the elevator and loading the pallets into their truck.

PC's should be loaded onto pallets by standing them upright rather so that 20 units fit on each layer. There should be 2 layers on each pallet with each layer of PCs facing perpendicular to the previous layer to provide the best overall support and to avoid any shift/wobble in-transit. See attached pictures for examples.

Use the Gaylord containers to safely pack the Monitors and make sure you have the screens facing each other to avoid damage to the screens. You can also put any miscellaneous parts into any other available Gaylord containers.

Equipment in the Server Room will also need to be palletized,**BUT** the customer is still migrating data from them so we need to palletize these last (or we may need to return the following morning so be prepared to return the following morning, if needed, as we'll need to have all of this done by NOON if we bleed into Thursday). Otherwise, the pallets must be finalized**before 5PM on Wednesday**! Be mindful of damaging the equipment while packing and loading the stuff in.

1) Technician to count and take note of the equipment packed up for shipment. Please print the Inventory list that is attached to the work order.

2) Technician MUST fill out the inventory list of all equipment remove from the site.

3) Technician will need to report/record any damaged equipment with photos.

Deliverables:

Signed Work Order

Pictures of the staged pallets

Completed Inventory Sheet

IMPORTANT: If there is any equipment that you are asked to pack-up that is not on the list, please inform the WO Manager immediately. Also, if there is any IT Equipment that is NEW IN BOX and is not on the list, notify the WO Manager immediately.

Customer Standard Instructions

Amidst the efforts to control the spread of the corona virus, we are concerned for your health as well as those of your loved ones and our customers. In an effort to promote that we ask that you all take the following steps at a minimum.

- ***Practice proper Social Distancing, as directed by the CDC.***
- ***Do not take any work if you are ill or have early warning signs of an infection.***
- ***If you have recently been or are infected, do not take any work for at least 2 weeks.***
- ***Wash your hands as often as is practical and always before or as soon as you enter a customers location.***
- ***Carry a clean box of tissues to use if you sneeze or cough.***
- ***Do not shake hands with anyone and maintain a greater distance than normal when interacting with staff (six feet is recommended but we realize that is not practical).***
- ***Carry hand sanitizer and wipes with you at all times and use it.***
- ***Carry a bottle of at least 60% Iso-propyl alcohol and a clean cloth to use on IT equipment surfaces.***
- ***PRINT YOUR WORK ORDERS FOR SIGNATURE, as an On-Site Contact may not be comfortable signing your phone/tablet. Alternatively, if you do not have a printed WO to sign, you should turn on your GPS when checking-in and out.***

Thank you for your firm adherence to these important hygiene practices and thank you for all your support. Together we will keep our customers stores running during this difficult episode. It will be behind us before we know it.

Customer Policies & Procedures

If you need to cancel a work order with less than 24 hours notice please call the DataMax Project Manager AND send a message.

Identify yourself as a DataMax Services tech to everyone you communicate with throughout this work order!

Print a copy of your work order and bring with you to the site along with a valid ID.

Adhere to a "Business Casual" dress and hygiene code. Utilize professional communication and demeanor. No excessive or unauthorized communication is allowed. Absolutely no touching of any kind.

(If applicable in your work order description/instructions) When checking in/out and when speaking to help desk personnel, use the following introduction, "Hi, my name is (STATE YOUR FIRST and LAST NAME ONLY) calling from (STATE THE STORE NAME, STORE NUMBER, CITY, AND STATE). I am checking in/out or am in need of technical assistance."

Wherever you see "this Platform" or "Platform", we refer to the Field Nation Platform.

25% REDUCTION IN PAYMENT IF YOU ARE LATE AND 10% PENALTY FOR EACH PORTION OF THE WORK ORDER NOT COMPLETED (UNLESS OTHER AMOUNT IS POSTED.) NO EXCEPTIONS!

Contractor further acknowledges and agrees that the Contractor is solely responsible for payment of all applicable state and federal self-employment withholding taxes, including FICA, Medicare, FUTA and other related taxes or charges, and that the Company or Company's customers shall neither withhold nor pay such or similar taxes on behalf of Contractor. The Company or Company's customers shall not cover Contractor under any worker's compensation policy the Company or Company's customers may obtain. To the fullest extent permitted by law, Contractor shall indemnify Company or Company's customers from all damages, losses, or expenses, including attorney's fees, from any claims or damages for bodily injury, sickness, disease, or death, or from claims for damages to tangible property, other than the Work itself. This indemnification shall extend to claims resulting from performance of this Work Order and shall apply only to the extent that the claim or loss is caused in whole or in part by any negligent act or omission of Contractor or any of its agents, employees, or subcontractors. This indemnity shall be effective regardless of whether the claim or loss is caused in some part by a party to be indemnified. Contractor agrees to hold Company or Company's customers harmless in the event of damages or injuries due to any negligence on their part, and that they will pay all legal and defense costs associated with any damages or injury claims.
