Full Work Description

***** **DO NOT call into Avnet requesting workorders** or with any questions about workorders. They are available to provide support for onsite techs. Anything additional should be done through the Field Nation portal and **may result in you being removed from our provider network or totally blocked.**

Do not message us to request a job. We understand that submitting for a job or submitting a counter-offershows your interest. The messages just become additional work for the dispatching team to handle and **may lead you to be blocked from future Avnet work.**

In order to do Allstate installs, you must be a certified tech. There is an online training module you can complete for this. Larry Nelson at FN can assist - 612.294.6957.

You may only perform *1 Allstate site per day* - regardless of size.

If requesting a job requiring more than 1 tech, please send a message with the name and # of additional tech's you will be using when requesting a job. This info helps greatly on the front end and increases your chances of being assigned. Please note assistant techs must also complete the online certification module.*****

Thank you for your interest and we look forward to working with you!

INSTALL GUIDE must be read first before going onsite
ensure Do's and Don'ts are followed – no exceptions

Install 3 Desktops, 2 Retrofits; configure existing printers/scanners (3 local printers, 3 local scanners)
Shared Drives? no
Wireless or wired network? wired

Set up each system: configure accounts, transfer data, install Go Gateway, activate MS-Office and set-up all peripherals.

Installation of software may include printers, scanners, docking stations, MS Office & GoGateway. Any other software installation requests should warrant a phone call into the Installation Help Desk for clarification and direction. Failure to comply may result in a financial penalty.

Meet with the agent upon arrival and review all aspects of the engagement to include:

- Deliverables
- How printers and scanners are configured; shared folders or drives.
- Review Pre-Conversion Checklist validating accounts and passwords.

**Rate includes all travel related expenses (fuel, tolls, etc)

****Tech assigned on Field Nation must be primary tech onsite for the job or payment may be withheld. Any exceptions must be approved by us first through the portal.**

Failure to complete all work listed in description/SOW may result in reduced payment for workorder.

Tasks

Some tasks below may be eligible for completion by calling 1-877-573-6330

1. Provider must **be requesting Provider or have approval from Avnet in work order message**
   (Code 187 398 680 270#)
2. Provider must collect a signature from From yourself Confirming that you were assigned by Avnet to do this work order.
3. Provider must set start time
4. Provider must check in
   (Code 121 399 011 270#)
5. Provider must enter close out notes
6. Provider must call phone number **1-800-558-9400 option 1, to log in upon arrival**
7. Provider must call phone number **1-800-558-9400 option 2, for tech support or any questions about scope, etc.**
8. Provider must call phone number **1-800-558-9400 option 1, to close upon completion**
9. Provider must **include confirmation # from call center in cloose out notes before payment can be processed**

11. Provider must check out
    (Code 150 391 381 270#)

Collected Signature

Signed by Wallace Green On Sep 30th 5:18pm

Signed by Sadiqa Thoronton On Oct 2nd 5:44pm

Approval of Work

I acknowledge that the work has been satisfactorily completed.

Name	Arrival Time AM / PM
Signature	Departure Time AM / PM
Date	

CONFIDENTIAL!

The following information is confidential and should not be seen by anyone but you, the assigned provider.

Confidential Information

Call 1-800-558-9400 – option 1 upon arrival or running late

***You are responsible to verify all attached peripherals: Print to local or networked printer. Test scanner functionality and install any required software if required for scanner configuration.*

Complete the verification steps, as described in the Tech Guide, which align to the checkboxes on the COW

Fill out COW

Call in from onsite to report job complete **1-800-558-9400 - will need confirmation # for payment**

Fax both COW sheets to (480) 794-9990 within 24 hours of completion

****Dial 1-800-558-9400 for any issues/questions <u>when onsite</u>**

****Contact Avnet Tech Support for any prolonged troubleshooting (e.g. greater than10 minutes) and require assistance**

****If the agent is requesting any work to be done outside of the installation guide please contact support at 1-800-558-9400 option 2.**

No work can be performed without an agent onsite. If you find yourself in this situation, please contact 1-800-558-9400 immediately

****Do not make any contact with the Allstate agent prior to arriving onsite. Any potential scheduling changes must be made through the tech dispatching team AS-Allstate-Tech@avnet.com. *<u>This email address should only be used for this purpose - abuse will lead to removal and being reported to FN.</u>***

Scheduling changes should not go through the call center.

No direct communication with the agent regarding scheduling is allowed and may result in payment being withheld.***

Deliverable Uploads

Make sure you collect and upload any required deliverables into the following deliverable categories:
[ ] Misc
[ ] completed and signed COW form provided by Avnet
